DAVID LANGE ON AUGSBURGER'S "TREASURE IN THE CELLAR"

Dave Lange of Bradenton, FL writes:

I just want to note how much I enjoyed Len Augsburger's book on the Baltimore Hoard of gold coins and the persons involved. I read it cover to cover over a series of airplane flights and found it to be not only entertaining but extremely well researched. It's rare that a numismatic subject can be so compelling as drama, but Len captured it perfectly.
